

Cyber Security Engineer – L1

Location: Indore, Madhya Pradesh

Experience: 1–3 Years

Employment Type: Full-Time

About the Role

- We are looking for a motivated Cyber Security Engineer – L1 to join our cybersecurity team. The candidate will be responsible for monitoring security events, identifying potential threats, handling initial-level security incidents, and supporting the implementation and maintenance of security solutions.

Key Responsibilities

- Monitor security alerts, logs, and events using SIEM and security monitoring tools.
- Perform initial analysis and classification of security incidents.
- Identify and escalate potential security threats and vulnerabilities.
- Monitor and respond to alerts from firewalls, endpoint security, antivirus/EDR, and other security tools.
- Perform basic troubleshooting of network and security-related issues.
- Assist in incident response, investigation, and documentation.
- Analyze logs and identify suspicious activities or security anomalies.
- Support vulnerability assessment and remediation activities.
- Maintain security incident reports, daily monitoring reports, and documentation.
- Follow defined security policies, procedures, and escalation processes.
- Coordinate with L2/L3 security teams for complex incidents.
- Stay updated with common cybersecurity threats, vulnerabilities, and attack techniques.

Required Skills

- Good understanding of Cybersecurity fundamentals.
- Basic knowledge of Networking concepts – TCP/IP, DNS, DHCP, HTTP/HTTPS, VPN, etc.
- Basic understanding of Firewalls, IDS/IPS, SIEM, EDR/Antivirus.
- Knowledge of security monitoring and incident management.
- Familiarity with Windows and Linux operating systems.
- Basic understanding of vulnerabilities, malware, phishing, and common cyber attacks.
- Good analytical and troubleshooting skills.
- Strong communication and documentation skills.

Preferred Certifications

- CEH
- CCNA / CyberOps
- Any relevant cybersecurity certification

Education

- Bachelor's degree in Computer Science, Information Technology, Cybersecurity, or a related field
